CAMEO: COMPUTER-AIDED MANAGEMENT OF EMERGENCY OPERATIONS

Adams County Government Center

4430 S. Adams County Parkway

Brighton, CO 80601

Brantner Gulch "A" Conference Room

3 Day Class: June 20-22, 2017

CAMEO is a system of software applications used to plan for and respond to all-hazard emergency events. Developed by EPA and the National Oceanic and Atmospheric Administration to assist emergency planners and responders manage and utilize information before, during, and after such events. CAMEO can access, store, and evaluate information critical without need of Internet or Cloud access. This class will provide instruction on utilizing CAMEO for a wide variety of information management, including EPCRA Tier 2 reports, chemical spills, wildfires, search & rescue, floods, severe weather, floodplain management, shelters & critical infrastructure, sensitive populations, and others.

Class is limited to 20 Students

Students must bring a laptop with **CAMEO** software installed from <https://www.epa.gov/cameo/cameo-software> (or have admin privileges on their computer to download the software in class)
